Amigos fotógrafos de todo el mundo.

España ha tenido el honor de organizar y ser sede de la 28º Bienal Color FIAP 2019, donde han participado un total de 45 países, por lo que estamos muy agradecidos. Ser responsable de la organización una Bienal FIAP es un desafío importante y el comité organizativo ha trabajado muy eficazmente para llevar a cabo este evento.

El mundo actual es un mundo basado en imágenes y la fotografía es una de sus mejores expresiones. En la gran familia FIAP todo el mundo debería saber que estos eventos son el lugar donde las obras de los diferentes países se reúnen y permiten una comparación entre sus miembros, difunden su cultura fotográfica y dan a conocer a sus autores.

Las federaciones participantes han tenido la responsabilidad de preparar sus colecciones coordinando lo mejor posible a sus equipos para lograr el mejor resultado según el tema elegido. Debo agradecer a todos los autores que, con un gran sentido de pertenencia, pusieron una vez más sus imágenes a disposición de sus federaciones e hicieron posible la realización de esta maravillosa competición. Así en la sección en papel, España por primera vez ha obtenido la Copa de Mundo en una clasificación muy competitiva en los primeros puestos. Y en la sección digital la Federación Rusa ha reafirmado nuevamente el gran trabajo de los últimos años y ha ganado otra Copa del Mundo.

Muchas gracias a todos que hicieron posible este gran evento.

¡Los espero en la próxima Bienal!

Friends photographers from all over the world.

Spain has had the honour of organizing and hosting the 28th FIAP Color Biennial 2019, in which a total of 45 countries have participated, for which we are very grateful. Being responsible for the organization of a FIAP Biennial is an important challenge and the organizing committee has worked very effectively to carry out this event.

Today's world is a world based on images and photography is one of its best expressions. In the great FIAP family everyone should know that these events are the place where works from different countries meet and allow a comparison between their members, promote their photographic culture and make their authors known.

The participating federations have had the responsibility of preparing their collections by coordinating their teams as much as possible in order to achieve the best result according to the chosen theme. I must thank all the authors who, with a great sense of belonging, once again put their images at the disposal of their federations and made possible the realization of this wonderful competition. In this way, in the paper section, Spain for the first time has obtained the World Cup in a very competitive classification in the first positions. And in the digital section, the Russian Federation has once again reaffirmed the great work of recent years and has won another World Cup.

Many thanks to all who made this great event possible.

I look forward to seeing you at the next Biennial!

MFIAP, ESFIAP, EFIAP/d2

Director del Servicio de Bienales FIAP

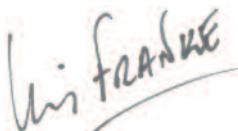

Es un enorme orgullo poder presentar el catálogo de la 28º Bienal Color FIAP organizada en España. Las imágenes aquí publicadas son una síntesis de la diversidad de temas escogidos por cada una de las federaciones que han tomado parte de esta Bienal. Tal es así que federaciones de los 5 continentes han sido premiadas demostrando que el lenguaje de la fotografía sigue siendo universal y la FIAP los ha reunido a todas en un gran evento internacional.

Son 45 federaciones que han enviado las mejores fotos de sus autores reafirmando su compromiso con la FIAP y fundamentalmente con los organizadores de esta Bienal. No está demás aclarar que se ha logrado la mayor participación en una Bienal Color FIAP. ¡Enhorabuena!

Vaya un agradecimiento especial a los organizadores, que con profesionalismo han llevado adelante con éxito el desarrollo de esta competencia, que representa siempre un gran desafío. También al jurado convocado que juntamente con quien les escribe tuvimos la enorme responsabilidad de la selección de las mejores obras y colecciones. Las Bienales FIAP se destacan de otras competencias debido a que en la clasificación final no sólo cuenta la calidad de la imagen individual sino también la coherencia en la temática elegida.

Para terminar, deseo felicitar a las federaciones ganadoras de las dos secciones: España en la sección papel y la Federación Rusa en la sección digital. Destaco además que son las mismas federaciones las que han logrado la Medalla Dorada FIAP por el segundo puesto en la sección que no han ganado. Doble mérito que demuestra el gran trabajo previo realizado para seleccionar sus respectivas colecciones en esta Bienal. ¡Un gran ejemplo a seguir!

¡Hasta la próxima Bienal!

*Director of the FIAP Biennial Service*

It is a great privilege to present the catalogue of the 28th FIAP Colour Biennial organized in Spain. The images published here are a compilation of the diversity of topics chosen by each of the federations that have taken part in this Biennial. Federations from the five continents have been awarded demonstrating that the language of photography is still universal and the FIAP has joined them all in one great international event.

There are 45 federations that have sent the best photos of their authors confirming their support to the FIAP and particularly to the organizers of this Biennial. I must say that the greatest participation in a FIAP Colour Biennial has been achieved. Congratulations!

A special thanks to the organizers, who with proficiency have successfully carried out the realization of this competition, which always represents a great challenge. I also thank the jury who, together with those who are writing to you, had the enormous responsibility of selecting the best works and collections. The FIAP Biennials distinguish themselves from other competitions because in the final classification not only the quality of the individual image counts, but also the coherence in the chosen topic.

Finally, I would like to congratulate the winning federations of the two sections: Spain in the Print section and the Russian Federation in the Digital section. I would also like to highlight that the same Federations won the FIAP Gold Medal for the second place in the section that they did not win. Double merit that demonstrates the great previous work done to select their respective collections for this Biennial. A great success to follow!

See you at the next Biennial!

Estimados amigos y amigas de la fotografía de todo el mundo. España ha tenido el inmenso placer de organizar la 28 Bienal FIAP Color, resultando un gran éxito de participación, donde por primera vez se ha alcanzado la cifra de 45 países, y donde el jurado ha destacado la gran calidad de las fotografías presentadas.

Desde la Confederación Española de Fotografía, queremos expresar nuestro mas sincero agradecimiento a la FIAP, y a su presidente Riccardo Busi, por concedernos este honor, y a la Federación Catalana de Fotografía por haber formado el comité organizador de este gran evento de la fotografía mundial.

Agradecer también al prestigioso jurado compuesto por los grandes fotógrafos, Jean Saleilles de Francia, Pepo Vázquez de Andorra y Luis Franke de Argentina (director del servicio de Bienales FIAP), además de al vicepresidente de la FIAP Joan Burgués, que estuvo presente en el veredicto, y a Raimon Moreno, como Presidente del comité organizador.

Enhorabuena a todos los países y autores premiados, y destacar el hito histórico obtenido por la Confederación Española de Fotografía, que por primera vez en su historia, se ha proclamado campeona del Mundo en el apartado papel y subcampeona en el apartado digital.

Ahora nos queda disfrutar de las maravillosas fotografías que conforman este magnífico catálogo y celebrar todos juntos en Andorra, la entrega de premios de la Bienal.

Por último, desear mucho éxito al próximo país organizador de la 29 edición de la Bienal FIAP Color.

Un afectuoso saludo.

Dear friends of photography from around the world. Spain has had the immense pleasure of organizing the 28 Bienal FIAP Color, resulting in a great success of participation, where for the first time the figure of 45 countries has been reached, and where the jury has highlighted the high quality of the photographs presented.

From the Spanish Confederation of Photography, we want to express our sincere gratitude to FIAP, and his president Riccardo Busi, for granting this honor, and to the Catalan Federation of Photography for having formed the organizing committee of this great event of world photography.

Also thank the prestigious jury made up of the great photographers, Jean Saleilles of France, Pepo Vázquez of Andorra and Luis Franke of Argentina (director of the FIAP Biennial Service), as well as FIAP vice president Joan Burgués, who was present at the verdict , and Raimon Moreno, as President of the organizing committee.

Congratulation to all countries and authors awarded, and highlight the historic milestone obtained by the Spanish Confederation of Photography, which for the first time in its history, has been proclaimed world champion in the section paper and runner-up in the digital section.

Now we can enjoy the wonderful photographs that make up this magnificent catalog and celebrate all together in Andorra, the award ceremony of the Biennial.

Finally, wish much success to the next organizing country of the 29th edition of the FIAP Color Biennial.

An affectionate greeting

### EL CAMINO ES JUNTOS

Ha sido un honor presidir esta competición por muchos motivos, pero fundamentalmente por hacerlo junto a un gran equipo de grandes personas de la Federación Catalana de Fotografía y de la Confederación Española de Fotografía. Este ha sido el último proyecto que inicie el año pasado como Presidente de la Confederación Española de Fotografía, y que he tenido el privilegio de llevar adelante junto a todo mi equipo.

En primer lugar, agradecemos a la Federación Catalana de Fotografía, que asumiera el reto de llevar adelante todos los aspectos técnicos de la Bienal y a todo su Comité Organizador.

Como no, agradecemos al jurado compuesto por Pepo Vázquez de Andorra, Luís Franke de Argentina y Jean Saleilles de Francia, que hayan realizado un gran trabajo, con seriedad, honestidad y mucha profesionalidad.

Por supuesto, agradecemos la confianza depositada por la Fédération International de l'Art Photographic, en especial a Luís Franke, Responsable de Bienales, Joan Burgués, Vicepresidente y Riccardo Busi, Presidente, que, junto a todo su equipo, nos han permitido organizar esta 28 Bienal Color FIAP España.

Nuestro agradecimiento también al Hotel Cesar, que ha colaborado desinteresadamente con este evento.

Felicitamos a todos los premiados y participantes, y estamos muy orgullosos del resultado obtenido por España, es un hito histórico para nuestro país, ¡felicidades campeonas y campeones!

Ha sido un placer, contar con la participación de todos los países que habéis enviado vuestras fotografías, ¡gracias!

En una sociedad individualista, estas Bienales son la mejor solución para que pensemos más en la colectividad, ya que lo importante en esta competición es el equipo, y se pone en valor la coherencia de los trabajos presentados por cada país, en lugar de la genialidad individual. Este es el camino que queremos para la fotografía, es el camino que nos hace avanzar, porque "Solos llegaremos más rápido, pero juntos llegaremos más lejos."

Gracias por dejarnos caminar junto a vosotros.

### THE PATH IS TOGETHER

It has been an honour to preside this competition for many reasons, but mainly to do it together with a great team of great people of the Catalan Federation of Photography and the Spanish Confederation of Photography. This has been the last project I started last year as President of the Spanish Confederation of Photography, and that I have had the privilege of taking along with my team.

First of all, we thank the Catalan Federation of Photography, which took on the challenge of carrying out all the technical aspects of the Biennial and its entire Organizing Committee.

Of course, we thank the jury composed by Pepo Vázquez from Andorra, Luis Franke from Argentina and Jean Saleilles from France, who have done a great job, with seriousness, honesty and a lot of professionalism.

Of course, we appreciate the confidence placed by the Fédération Internationale de l'Art Photographique, especially Luís Franke, Biennial Manager, Joan Burgués, Vice President and Riccardo Busi, President, who, together with his team, have allowed us to organize this 28 Biennial Colour FIAP Spain.

Our thanks also to Hotel Cesar, who has collaborated selflessly with this event.

We congratulate all the winners and participants, and we're very proud of the result obtained by Spain, it's a historic milestone for our country, congratulations champions!

I've been a pleasure, to have the participation of all the countries that have sent your photographs, thank you!

In an individualistic society, these Biennials are the best solution for us to think more about the collectivity, since the important thing in this competition is the team, and the coherence of the works presented by each country is put in value, instead of the genius individual. This is the way we want for photography, it's the path that makes us move forward, because "Alone will arrive faster, but together we will go further."

Thank you for letting us walk with you.
